# TRANSFORMING URBAN SPACES

## ONE PROJECT AT A TIME

Graffiti can mar the beauty of urban landscapes, drain resources, and create a sense of insecurity. But there's a solution – innovative graffiti abatement techniques using synthetic turf and ivy. Not only do they deter graffiti, but they also offer a host of benefits that make them the ideal choice for revitalizing public spaces.

### BENEFITS

- Deters Graffiti
- Reduces costly graffiti abatement budgets
- No costly water use consumption
- Maintenance Free
- Easy Installation

### FEATURES

- 100% recycled polyethylene
- UV Resistant
- Fire Retardant
- Mold Resistant
- Wind Resistant

**It makes sense...**

## ANAHEIM, CA

Anaheim, California, known for its vibrant neighborhoods and thriving tourism industry, faces a persistent graffiti problem that detracts from its beauty and safety. From downtown streets to residential areas, graffiti vandalism is a significant concern for residents, businesses, and local authorities alike.

## ANAHEIM, CA

### *5 FREEWAY- LINCOLN OFF-RAMP- CALTRANS*

Despite the city's efforts to combat graffiti through rapid removal and community clean-up initiatives, the problem persists, costing Anaheim millions of dollars annually. Not only does graffiti vandalism damage property and infrastructure, but it also creates a sense of blight, diminishing the quality of life for residents and visitors.

## ANAHEIM, CA

### *RUBY'S RESTAURANT-LINCOLN AVE.*

To address this issue effectively, Anaheim is exploring innovative solutions such as graffiti abatement programs and partnerships with local businesses and community organizations. By investing in technologies like synthetic turf and ivy solutions, Anaheim aims to deter graffiti vandalism, beautify public spaces, and create a safer, more welcoming environment for all.
