Ivy Installation Instructions

- Determine how much surface area needed to be covered.

- Order 3-5% extra ivy as you will have scrap during the installation process.

- The ivy comes in 20" x 20" or 24" x 24" squares depending on the type.

- Ivy is dye lot sensitive, if you reorder ivy for an existing area make sure to ask
  for the same dye lot as the original order.

- Use scissors or a carpet knife to trim the ivy to fit the surface area as needed.
